### **Every city has a downtown. Only Montreal has the Golden Square Mile.**

The Golden Square Mile is home to Montreal's exquisite hotels, exciting boutiques and department stores, world-class museums and galleries, central meeting spaces, and internationally respected universities. Located at the base of Mount Royal, the neighbourhood is both a gateway to nature and an enclave for Montreal's Scottish history and Victorian-era architecture.

The Golden Square Mile Tourism Development Society, or Golden Montreal, exists to reinforce the strong "sense of place" for this vibrant part of downtown Montreal. The organization focuses on eight pillars: architecture, art, business meetings, education, fashion, fine dining & lodging, history, and nature & wellness.

Visitors from near and far are encouraged to experience everything Montreal's Golden Square Mile has to offer, and to share their unique adventures with friends from across the city and around the world with **#GoldenMontreal**.
